

International Institute for Outsource Management Signed Memorandum of Understanding with the Government of Yantai in China

December 20, 2007 - The chairman of International Institute for Outsource Management (IIOM), Mr. Jerry E. Durant, paid a visit to Yantai on December 20-22, 2007 to inaugurate the signing ceremony with Yantai Government and Haiyi Software, the leading software company in Yantai.

IIOM signed a Memorandum of Understanding (MOU) with Yantai Government to assist the city to become an international outsourcing base city. The Institute operates with its local arm IIOM Asia Pacific will be tasked to develop the outsourcing capability of the city to world-class level through its activities including trainings and certifications, conferences and membership by leveraging the global outsourcing experiences that culminate over 20 years by the IIOM's experts worldwide. Meanwhile, as the initial phase, IIOM will provide Global Star Certification (GSC™) and a series of training and mentoring programs to the leading software company, Haiyi Software in Yantai.

The signing of agreements marks a significant milestone in the acknowledgement of the IIOM's mission by the city government and the leading software company of Yantai.

Senior officials of Yantai City met with the Chairman of IIOM

About IIOM

International Institute for Outsourcing Management (IIOM), with its headquarters in Florida, United States, is a non-profit organization created with the mission to shape, educate, qualify and promote world-class outsource services for the benefit of client companies on a worldwide basis. The overall direction of IIOM is established by its Board of Governors consisting of recognized leaders in the outsourcing industry. IIOM is in constant search for the 'best-of-the-best' in the areas of outsourcing, software engineering, project management and specialized disciplines. The stringent standards insure exceptional value and world-class guidance at a practical level. The expert team of IIOM is comprised of individual entrepreneurs, who possess:

- Minimum 25 years experiences
- Recognized Leaders
- Experienced in Training and Consulting
- Innovators in Key Areas of Specialization

The International Institute for Outsource Management – Asia Pacific (www.iiomapac.org) was chartered in 2007 and was formed under the auspices of the International Institute for Outsource Management. It operates with its arm IIOM China (www.int-iom.cn) dedicating to support outsourcing and the clients that are served in China.
